THE

WAS STARING  
INTO A  
PARKED CAR,  
SO I WENT  
TO TALK  
TO HER  
AND THEN

CLENCH...

THAT IS  
HOW  
MILF-  
SLUTS  
ARE  
BUSTED !!

ACK!!  
A CAR  
THIEF!?

Yo G-P here.

With this we are up to the latest chapter. In case you're wondering what is up with all the elaborate sfx, look at this shit right here.

I can redraw a bit, but completely erasing the japanese here without it looking like total arse is beyond my skills, so I hid it behind extravagant typesetting. Bear with me.

Now, you probably noticed the "The End (?)" on the last panel. That question mark is something I added. The author releases this on his twitter so if you can read and type japanese go bug him about it. I don't know if this is really the final chapter since I don't speak japanese and I only took the translations from booru. It would suck if this was really the end for Kitsune Spirit and we're left in this world with one leisurely, fluffy Kitsune manga less.

All I can do is keeping an eye on this and hope for the best.

Guess I need something strong tonight.

Goodbye for now.
